

## Letter From The Editor

Greetings and welcome to the first issue of Open Waters, the official newsletter of the Shuttle Tiburon! Here we can showcase our recent events and share news of the region and that of STARFLEET International. A ship's newsletter is the best means of sharing its triumphs and excursions with others, and is a great way of record keeping. Ever go back and look through all of your old C.Q.s and experience again things that you had forgotten? Rediscovered old friends and relived things once again that had receded into memory? Over the months and years to come, I hope to catalogue all of our memories in an interesting and memorable way, so that each of us can look back and remember, and new members will have a way to read back and see what the Tiburon was all about from the beginning. Each Open Waters will include a record of our most recent events, as well as information on upcoming events for both the Tiburon and around Denver. I will also include articles written by the crew and movie and book reviews. In this issue, be sure to look for pictures from the Tiburon's launch, articles on our gaming night and sci-fi Fridays by the Shuttle's command staff, recipes, and news on some of our favorite movies and TV shows. If you are interested in contributing to Open Waters, please send in your content to CMDR Christina Sievers at [communications@usstiburon.org](mailto:communications@usstiburon.org) I will be happy to include any photos, articles, reviews, recipes, or anything else you think the members of the Tiburon would find interesting. Happy Writing!

-CMDR Christina Sievers, Chief Communications Officer, Shuttle Tiburon.
